THE GREAT WALL OF MEDIA FAME

INSTITUTE OF PUBLIC HEALTH & HYGIENE

47 YEARS OF IMPACTING HEALTHCARE GLOBALLY & OUR LEGACY

The Institute came into existence in July 1976, after tireless efforts of a few visionaries and was tenderly nurtured by great protagonists of the time. It is an institution of national importance catering to the needs of the Country in the field of para-medical education by providing Govt. Recognized undergraduate and post graduate Diploma & Certificate courses, bringing together in one place the educational facilities for the training of para-medical personnel in all important branches of medical specialties.

The objective of this premier institute is to impart quality para-medical education and ameliorate the health condition of the composite population of our Country. It is a leading Institution with students nearly from all States of India and other Countries .

FORGING OUR FUTURE

Since its inception, the Institute has been imparting life skill training in healthcare sector to create employability skills among the youth; especially the underprivileged and drop outs so that they can be groomed as force of transformation of the nation by skill building while ensuring their livelihood and a lucrative career option in healthcare industry.

Our Institution is committed to serve the future society more than any other institute. The Institute is doing this by educating individuals for fulfilling, productive lives and by creating solutions to present or anticipated problems through active participation in educational activities.

Since 1984 the Institute is a Pre-Release Training Centre for the Govt. of India Min. of Defence (DGR), New Delhi and is training in-service nominated candidates from the Army, Navy & Air force ,various State Governments viz., Govt. o Jammu & Kashmir, Govt. of Nagaland, Manipur, Mizoram, Assam, Madhya Pradesh, Sikkim, Meghalaya, Chandigarh Administration, Ladakh Hill Council, North Eastern Hill Council, University of Delhi, Members of Federation of Indian Chamber of Commerce and Industry, International Airport Authority of India, All India Institute of Medical Sciences, Cement Corporation of India, TELCO, UNO, Sanjay Gandhi P.G.I. of Medical Sciences, RIMS Medical College, Indian Airlines, Children's Home, Private Hospitals, Nursing Homes, Organizations, Institutions, Establishments, Northern Railway etc.

Celebrating our 47 years legacy

INSTITUTE OF PUBLIC HEALTH & HYGIENE

COLLEGE OF NURSING & ALLIED HEALTH SCIENCES

ABOUT INSTITUTE OF PUBLIC HEALTH & HYGIENE, JAMMU

We heartily welcome you to the IPHH College of Nursing & Allied Health Sciences, Jammu (J&K), assisted and supported by Institute Of Public Health & Hygiene, (IPH&H) New Delhi, the renowned, premiere and oldest Paramedical and Allied Health Education Institutes of the country with 46 years of outstanding legacy since 1976.

The training association of Jammu & Kashmir State with IPH&H New Delhi has been for a substantial time, which has built trust and reliance of people for quality and assurance for imparting premier facilities in Paramedical and Allied Health Education. This foundation of trust has further encouraged us to establish a sister institution which will benefit the local people economically, as they don't have to migrate and can avail these courses in near proximity, furthermore it will upgrade local employability and self-reliance. As Jammu has emerged as a center hub for education for the entire state, students from all parts of the state reach Jammu for higher/professional education, demographically as its well-connected the accessibility becomes more feasible for the students from remote areas giving them the prospect for better and bright future. The institution will help in upgrading the medical facilities and empower the residents to face any medical emergency which will help in declining the mortality rate due to non-availability of prompt paramedical attention. The institute aims at improving the quality of life and promotion of a healthy society. The foremost aim of the institution is to work towards the progress and advancement in the field of Paramedical and Allied Health Education, and to serve people and the Nation.

IPHH College of Nursing & Allied Health Sciences, Jammu (J&K), is a march on to cater and equip the young minds of Jammu & Kashmir, since 1988 IPH&H, New Delhi has been vigorously and enthusiastically involved in training the youth and eligible residents of the State in the domains of Skill Development to build up the self-employability, offering courses such as Paramedical Sciences, Lab technician etc. All these opportunities are now at the door step which will provide a platform to local as well as neighboring residents of the State of Jammu & Kashmir. The main focus of the institute will be on providing and imparting quality education with accessibility at affordable price.

Presently a wide gap persists in demand and supply of nursing and para medical qualified students. The demand of nursing and paramedical students will grow more in future. It has been the endeavor of our college to transform a raw person into the best nursing and para medical expert who serves the country with pride. This will further enhance the National and Global placement of the students with such imperative skills.

VISION

The Institute strives to provide students with multi-disciplinary, intercultural and ethical understanding necessary to participate, lead and prosper in the market place of Health Professionals

MISSION

To be an international Institute of excellence in technical education for the professionals, strategic and applied research and flexible delivery and teaching

PRE-CLINICAL LAB

Pre clinical Science laboratory is designed to enable the students to acquire Knowledge of the Anatomical Structure & Functions, Biochemical Composition and its alteration of the Human Body Systems.

PEDIATRIC LAB

This branch of medical science helps to understand the health issues of children, whether they are physical, mental, psychological, or spiritual in nature. In this department, we provide comprehensive medical education, keeping all aspects of pediatric medicine in mind, as well as impart preventive, curative, promotive, and health care knowledge about infants and children up to 18 years of age.

COMMUNITY HEALTH NURSING LAB.

The Lab. is well equipped with articles such as community bags, models, charts, etc. for preparing nursing students to deliver health care to the people at their door steps in both urban and rural communities.

The lab gives the students clinical experience, educational and enlightening experiences, and helps to promote the students' empowerment.

AUDIO-VISUAL AID LAB.

Audio Visual Aids are also called instructional material. Audio literally means "hearing" and "Visual" means that which is found by seeing so all such aids, which endeavour to make the knowledge clear to us through our sense are called "Audio Visual aids" or instructional material.

HOSTEL PREMISES

Separate Hostel Facilities for Male & Female with a choice of individual and shared rooms.

The rooms are well furnished with attached bathrooms and a hygienic Mess facility is available round the clock. On-campus accommodation is available to out-station students in the 4 spacious hostels.
